7. DE explained that he had asked RJ to put together a membership fees paper based on feedback received from the Steering Group. RJ explained the paper and asked for comments. It was discussed that the membership fees should be based on salary bands as opposed to job titles because in some cases, certain nurses can be in higher salary bands than others. It was agreed that a list of clear benefits is in place before charging for membership. DK suggested that a small working group be put together to review the membership fees and benefits. 10. UKPIN 2017		
<p>MB explained that there are some decisions which need to be made regarding the 2017 meeting. UKPIN can opt to join with BSI, whereby the meeting will take place just after the BSI conference. UKPIN can run a stand alone meeting and if so, it needs to be decided if the membership should vote on the destination or should that decision be made by the Steering Group.</p> <p>Some discussion took place on the benefits and drawbacks of running the meeting alongside BSI. It was felt that it is not preferable to have a meeting that will run into a weekend. However, if BSI were willing to compromise on their dates so that UKPIN did not run into a weekend, then it would be worth considering.</p> <p>The BSI 2017 meeting will take place in Brighton in December.</p>	MB/DE

The new BSI Chief Executive, Jo Revill, had been in contact and is keep to meet with David to discuss working together in the future. DE will keep the group informed with any developments.
