Advances in Primary Immunodeficiency

12th- 14th March 2012

*A Winter School run by the UCL Centre for
Immunodeficiency*

Set in the beautiful surroundings of Cumberland Lodge in the Great Park of Windsor, this three day residential course will cover adaptive and innate primary immunodeficiency diseases (PID). Aimed primarily at clinicians, the program will focus on scientific advances in the basic mechanisms and management of PID. In addition to lectures, there will be time set aside for case presentation and the opportunity for informal discussions.

Deadline for applications: 31st October 2011
